ATLANTA LTD · TROYAN, BULGARIA

Chairs for hospitality

Chairs, armchairs, bar stools, lounge chairs and banquettes for hotels, restaurants, bars and cafés, made at our factory in Troyan, Bulgaria, and table tops and bases to go with them.

TROYAN

Troyan, at the foot of the Balkan Mountains, has worked wood for generations. By 1912 the region had 48 of the country's 574 sawmills; a municipal carpenters' school followed in 1921, and on 15 September 1926 the state vocational woodworking school opened, making mainly chairs and household furniture.

ATLANTA

We build on that tradition with beech and oak frames, our own finishing and upholstery, and a contract range designed for daily use in hotels and restaurants.

Product codes

Every model has a code in the form NNN-TSB: the design number, then letters for type, seat and back. 213-BPW, for example, is Dimo BRP: a barstool with a seat pad and a wooden back. Each order line then adds wood, stain, upholstery and any options.

04

Bentwood

Bentwood chairs and stools in beech, in the tradition of the European café: the cross-back Crocce, the fan-back Vintage and the Wien high stool, all with curved rails and a bentwood leg ring. Each comes with a wooden seat or a seat pad; Crocce and Vintage also come as bar stools, and Vintage as armchairs.

BENTWOOD · 301

Crocce

Crocce is the cross-back bistro classic in bentwood: two curved strips cross beneath the top rail, over a round seat and a leg ring with arched braces. Side chair and bar stool, wooden seat or seat pad. Just add a croissant.

07

Banquettes

Contract banquette seating for restaurants, bars and clubs, with room for the whole party: plain Roxy, button-backed Alex and channel-backed Sweden. Roxy and Alex stand on legs or on a laminated base. Sizes can be adjusted to the project, and all are upholstered in the customer's own material (COM). We also make banquettes to customer designs.

Stains

Frames are finished in natural lacquer or one of our standard stains, from honey oak and cherry to walnut, wenge and black. Stains outside the standard range are available on request, and frames can also be lacquered in any RAL colour. FR Class 0 lacquer is also available where required.

Wood grain and the final shade vary with the wood and the light; printed colours are a guide only.

Fabrics

Upholstered models can be supplied ready for upholstery (RFU), in the customer's own material (COM) or finished in fabrics from our suppliers. We keep Parol's Dolaro collection in stock in selected colours, and real leather is available on request. Where a project calls for it, we also work with fire-retardant (FR) and Crib 5 materials.

Printed colours are a guide only; fabric samples are available on request.

MADE IN TROYAN

From frame to finish

In our factory in Troyan, Bulgaria, beech and oak frames are sanded, stained and lacquered to order, then upholstered by hand. Since January 2026, upholstery fabric has been cut on an automated laying and cutting line.

WOOD		FABRIC AND UPHOLSTERY	
01	Timber and parts	05	Cutting
02	CNC machining	06	Sewing
03	Frames	07	Upholstery
04	Finishing		

Left: Beech frames, raw above and stained below

01

TIMBER AND PARTS

Beech and oak parts, cut and shaped in our workshop.

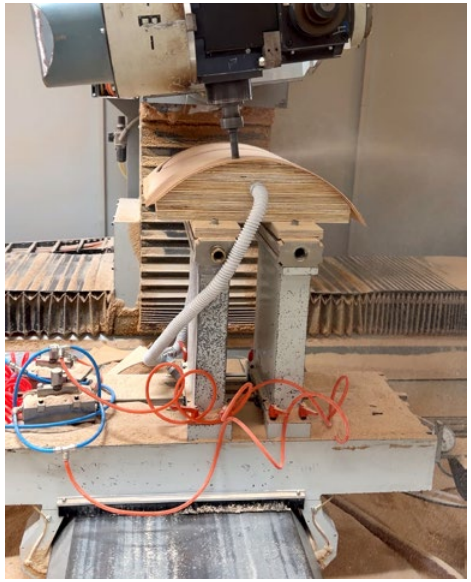

02

CNC MACHINING

Frames and curved parts are machined on CNC.

03

FRAMES

Every frame is assembled and sanded before finishing.

04

FINISHING

Stained and lacquered to order – here by our spray robot.

05

CUTTING

Since January 2026, fabric is laid and cut on an automated line.

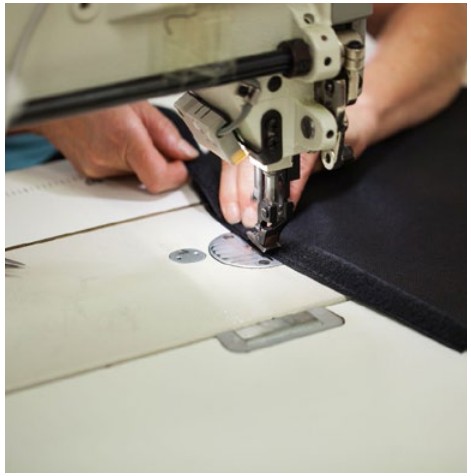

06

SEWING

Covers are sewn in-house.

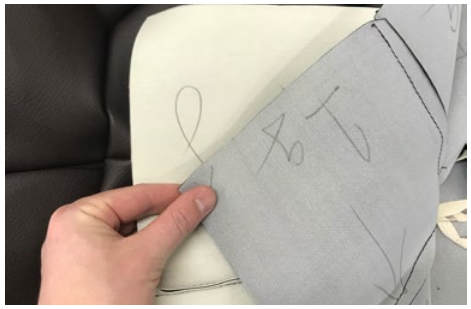

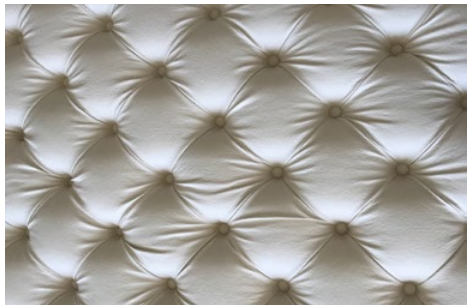

07

UPHOLSTERY

Upholstered by hand: stapled, buttoned and checked.

Right: a finished tub armchair in the warehouse

QUALITY

Certified and traceable

Every chair carries a batch number that corresponds to its export documents, so each delivery can be verified. Our quality management system is certified to ISO 9001:2015 by TÜV NORD, and we hold FSC Chain of Custody certification (licence code FSC-C202238). FSC-certified products are available on request, with the FSC claim stated on the invoice.
